

**BERTHA
GXOWA**
Foundation Trust

Dear Magau Family

We were very saddened to hear of the passing of Dr Namane Magau. Please accept our sincerest condolences on this terrible loss. Bertha Gxowa Foundation will always remember her for the impactful contribution she made to the Foundation over the period she served as a trustee and chairperson. She would repeatedly refer to herself as the Product of Mama Bertha Gxowa as she executed her duties as a trustee and chairperson.

She was very committed to the development and empowerment of women and the youth, which was demonstrated through her consistent and dedicated efforts in all programmes and projects of the Foundation. She always pursued the important developmental imperatives that she personally stood for and championed for the Foundation.

When supposed to lead in the boardroom she did so with clear decisiveness and resoluteness to the course. When giving support and guidance to women and young people she worked with in the Foundation, she did so with patience and love.

We will sincerely miss and forever be grateful for her life and how she has touched us all in a special way, through her kindness, integrity and elegance.

Rest In Peace Dr Magau

Bertha Gxowa Foundation.
